

Letter Maps!

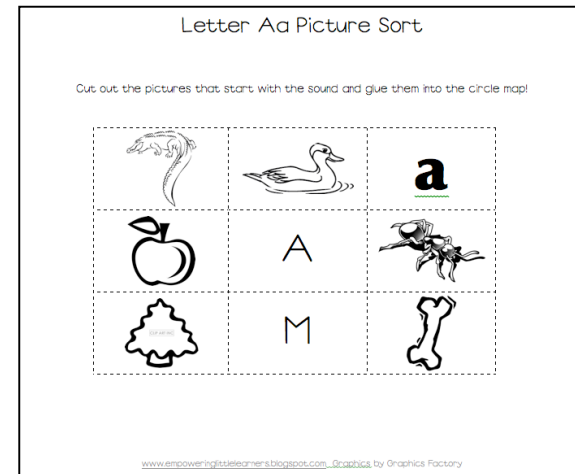

Thinking Maps help students to organize information in a consistent and understandable way.

In this pack is a Circle Map for each letter and corresponding pictures to cut and glue in. Also included is 26 Tree Maps where students sort and organize pictures by 3 initial sounds.

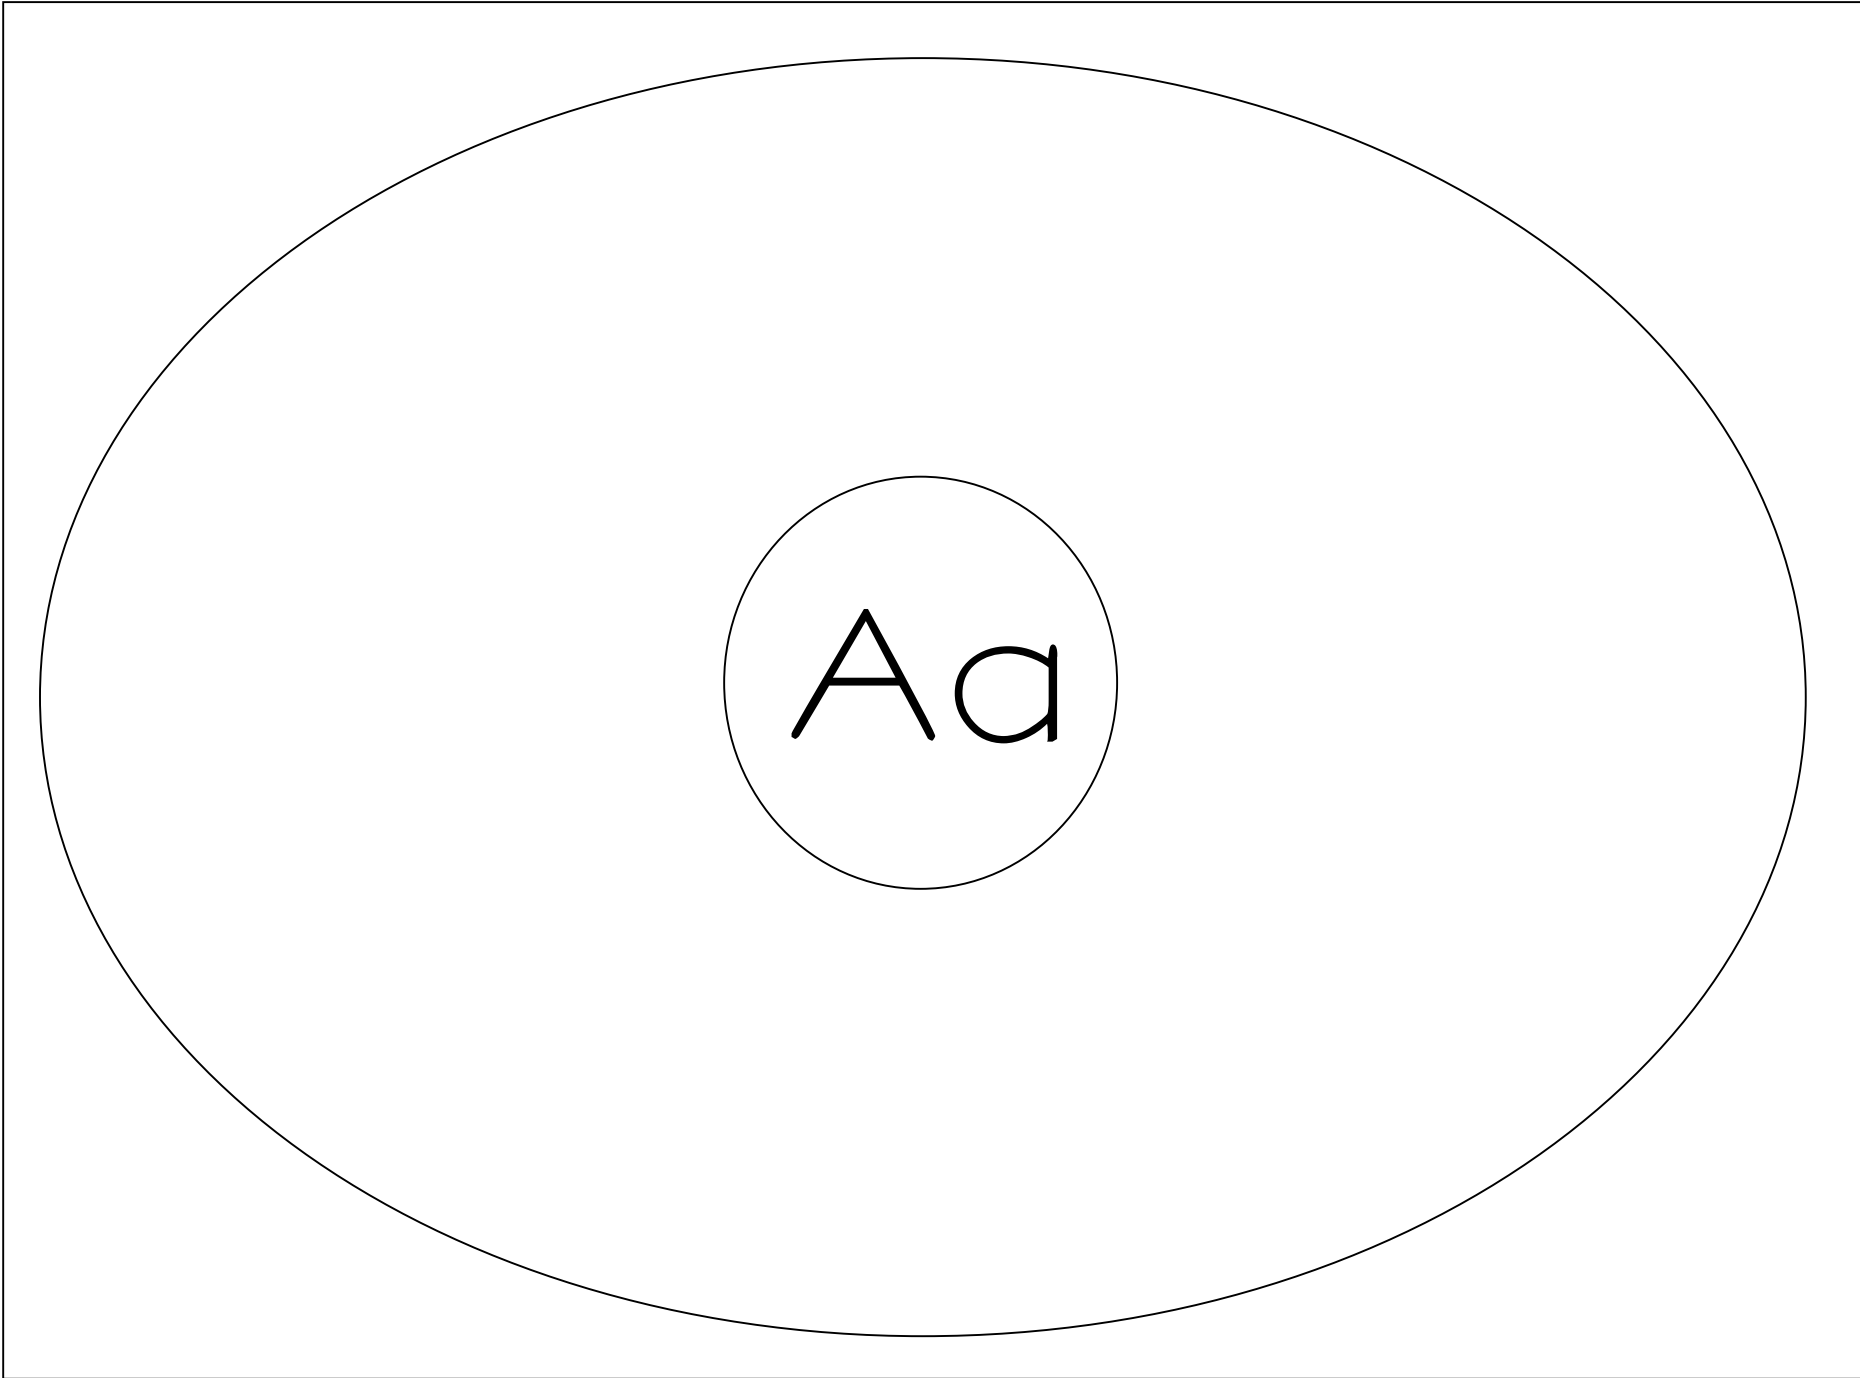

Letter Circle Maps

www.empoweringlittlelearners.blogspot.com Graphics by Graphics Factory

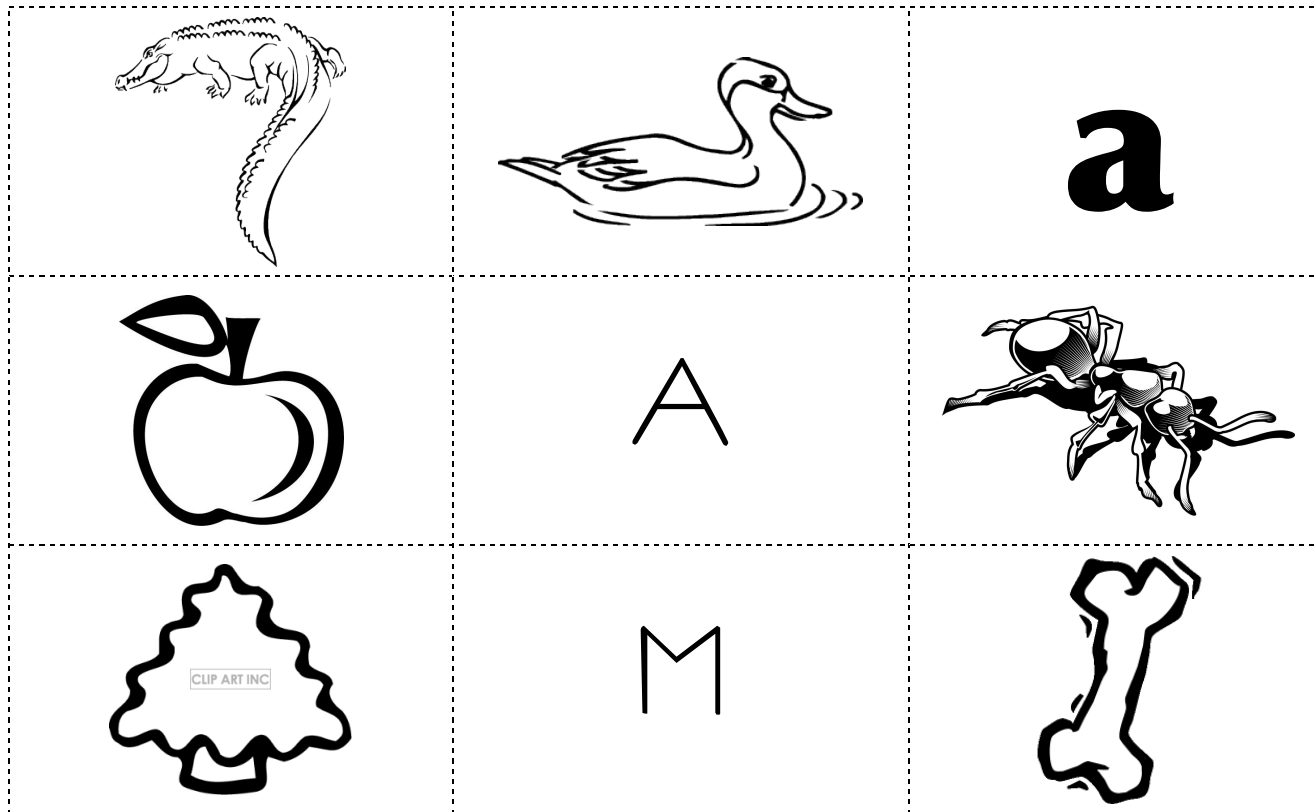

Circle Maps help students to gather ideas about a certain topic (listed in the middle). Around the Aa students will glue pictures that belong in that group (Students can always draw more too!) After you are done, have the student draw inside the outer rectangle how they know it... their brain, their teacher, a dictionary.

Letter Aa Picture Sort

Cut out the pictures that start with the sound and glue them into the circle map!
